

Gloucester Heritage Open Days

Friday 9th to Sunday 11th Sept 2022

This is the 50th year Jubilee of Gloucester Civic Trust. National HODs started in 1992 and we started here in 1994 making this our 28th year. HOD is often described as the showcase for the Civic Trust. After two years of reduced activities due to Covid restrictions we are aiming to get back up to speed again this year. We hope you will enjoy what we do have to offer.

A few important points to note:-

- We are part of the Gloucester History Festival but we have produced our own brochure and are making our own booking arrangements. You will find this brochure on the Civic Trust website www.gloucestercivictrust.org but there will also be paper copies available in key places around the City. We ask that if you have received this by email you will forward copies on to all interested family and friends.
- Although Covid restrictions have now been largely dropped we suggest that sensible precautions are taken by visitors to avoid infection.
- All offerings are free to access but those indicated with a **B** must be booked at <https://www.museumofgloucester.co.uk/hods>. Bookings must be made either online or in person at The Museum of Gloucester in Brunswick Road.
- There are limits to numbers at some events. These are listed on the table on pages 20 to 23.

- Where booking is not required there may be restriction to numbers entering at one time. Stewards will advise.
- If oversubscribed, names will be kept and placed on a waiting list in case of drop outs. It may sometimes be possible to put on extra walks if guides are available.

Who owned and lived in these buildings during the Siege of Gloucester in 1643? Who set up the largest pin making factory in Gloucester here in the 18th Century and exhibited their state of the art machinery in the Great Exhibition in the 19th Century? Who was the very last baby to be born here in the 20th Century? Where was the Witch's bottle found?!!

All these questions will be answered during the tour.

Exhibition: *The Story of Gloucester Civic Trust.*

Our story began in the 1960s when so many buildings of historic interest, including listed buildings, were being demolished. There was an outcry in the City and Gloucester Civic Trust was set up in 1972 to preserve our history and protect our heritage. During the last 50 years we have achieved many successful projects involving derelict buildings, turning them into useful spaces again. We have also provided Walking Tours around the City for both tourists and residents, to inform them of our history and heritage.

We have a lot to celebrate and want to share our achievements in this Jubilee Exhibition.

A larger version of this exhibition can be seen at The Folk of Gloucester over the weekend where it will remain as a permanent feature.
